WHAT WE DO...

About Us

Potter & Company, LLP provides financial accounting and consulting services to a variety of manufacturing clients including in the following industries:

- Automotive parts production
- Heat treatment processing
- Paint production
- Plastic injection molding
- Sheet metal fabrication

The Firm is proud to be the exclusive Central Kentucky member of the CPA Manufacturing Services Association (MSA), a nationwide association of CPA firms that provide specialized accounting, tax, and consulting services to the manufacturing industry.

Our Firm

Our staff includes members who are highly qualified auditors and business consultants who provide our manufacturing sector clients with services in areas affecting their businesses such as:

- Budgets and forecasts
- Business valuations
- Cash flow management
- Internal control reviews
- Inventory capitalization strategies
- Inventory control examinations
- Mergers & acquisitions
- Production/variance analysis
- Revolving credit facilities

Our Services

We are dedicated to providing you with the highest quality financial and advisory services such as:

- Audits, reviews and compilations
- Employee benefit plan services
- Business valuations
- Litigation support
- Outsourced internal audit function
- Tax return preparation
- Tax planning
- Local and state tax consulting

We have significant experience providing these and other professional accounting and consulting services to manufacturers. As a result of this experience, we have a clear understanding of the work to be done and can do that work efficiently and competitively.
